EDU TOUR VISITS PROGRAM

GOAL

Finland has a proven track-record as the home of world-class education. The Finnish school system has been built on the egalitarian principle of good quality universal education, which is inclusive and comprehensive. In fact, the learning gap of the weakest and the strongest pupils in Finnish schools is one of the narrowest in the world.

Now you have amazing opportunities get to know and experience our Finnish school system in every level. This packages also includes camp activities.

Edu tour visit is for student and teachers including Finnish school visits and camp activities

Available: from august to beginning of june (not in christmas time.)

Note:

Customized School Visit is custom-made according to your interest and preferences. It can include several visits.
