Preliminary 7 days program

SUMMER CAMP 2024

GOAL

The aim is to guide the clients to know, understand and feel the Arctic nature and phenomena and the impact of human choices on the environment now and in the future.

LEARNING OUTCOMES

- Basic survival skills: compass and map use, navigating, fire making, making food in open fire
- Nature and geography: Biodiversity, natural things: natural wellbeing effects, seasonal variations, climate, and vegetation zones. Basic life conditions such as clean air, water and nutrition, as well as their occurrence and sustainable use
- Sustainable development: sustainable lifestyle and sustainable use of natural resources
- Summer sport: canoying, hiking, fishing
- The 21st-century skills, such as problem-solving, creativity, teamwork and sharing your know-how

The selected themes are based on the Finnish curriculum. During the camp, we utilise phenomenal based learning.

Preliminary 7 days program

SUMMER CAMP 2024

13.00 Afternoon adventure

17.00 Dinner

18.00 Evening activities

Preliminary 7 days program

SUMMER CAMP 2024

PROGRAM

DAY 1

- Arrival in Tornio
- Accommodation
- Welcoming and meal
- Northern Skills Finland Education Ltd. presentation
- Introduction to summer camp program, staff, environment, safety policies and safety demonstration. Gear check
- Team building activities
The camp begins by getting to know each other through various playful activities.
- Outdoor team challenge / free time

DAY 2

- Breakfast
- Basic survival skills: Compass and map use

We practice the basics of survival skills at the campus area, such as compass and map use

- Lunch
- Basic survival skills: Orienteering

Orienteering requires many basic map reading skills like identifying map symbols, understanding scale and directions both on the map and in the terrain.

- Dinner
- Geocaching

Exciting and adventurous exploration of geocaches in the terrain, as well as puzzle-solving and teamwork

- Outdoor team challenge / free time

PROGRAM

DAY 3

- **Breakfast**
- **Summer sport: get familiar with kayaking.**
Kayaking is an outdoor exercise and sport in the open air. The program includes 20 minutes of guidance and training. After that we can experience and enjoy our nature.
- **Lunch**
- **Basic survival skills: Learn to make a fire and traditional "tikkupullat" (campfire stick-buns).**
We also learn to make Finnish traditional handcrafts.
- **Dinner**
- **Gear maintenance**
- **Outdoor team challenge / free time**

DAY 4

- **Breakfast**
- **Summer sport skills: Fishing**
Learn the basic techniques and then go to test the skills learned. The Tornionjoki River runs from the fells of the north to the Gulf of Bothnia and it is the longest freely flowing salmon river in all of Europe.
- **Lunch**
- **Basic survival skills: how we act if we get lost in forest**
- **Sustainable lifestyle in Finland:** What we can use, what we can eat and how we act sustainably in nature
- **Dinner**
- **Gear maintenance**
- **Preparations for next day trip**

Preliminary 7 days program

SUMMER CAMP 2024

Aleksi Koskinen/Visit Finland

PROGRAM

DAY 5

- Breakfast
- Transfer to forest campsite and settle in
- Short hiking trip in the forest

Trip includes navigating, hiking and outside lunch. We will utilize in real forest environment everything that we have learnt previous days in the campus area. We also get know about nature biodiversity.

- Gear maintenance
- Making dinner together
- Relaxing by the campfire

DAY 6

- Making breakfast together
- Forest welfare effects: Mindfulness

Spending time and being physically active in nature promotes well-being and health. Nature helps us recover from the effects of stress and forget our daily worries. It also lifts our moods. The effects are manifested in lower blood pressure and a stabilised heart rate.

- Forest welfare effects: Northern Skills Finland Olympics

Northern Skills Finland Olympics includes fun activities such as athletic competitions, problem solving and self-improvement.

- Lunch and gear packing
- Bus transfer to campus area
- Dinner
- Sauna and indoor swimming pool
